Dear Yogesh,

Hearty Congratulations.

We are pleased to announce that you have been selected as an eligible candidate for Wipro's **VELOCITY** program. Your selection into this program is purely based on your performance in the AMCAT assessment conducted by Wipro. VELOCITY program is launched with an objective to provide you with a unique opportunity to build your competence through a series of structured training interventions & mentoring on emerging technologies such as Fullstack, Cloud, Salesforce etc.

We are associated with industry leading training partners to help you complete the required milestones. Successful completion of this training & certification program will enable you to join Wipro with a higher compensation as defined in the VELOCITY program guidelines. On successful completion of this certification, you will be eligible to get upgraded to a TURBO compensation (INR 5.5 lpa + 1 lakh merging bonus). You will also get a revised offer letter from us in the same lines.

Velocity Program Construct –

ORIENTATION   REGISTRATIONS   ENROLLMENT   ONLINE CLASSES   CAPSTONE PROJECT   ON-BOARDING

Please be apprised that we have allocated you to the training curriculum on SDET which is targeted to start on February 14th, 2022 and will be conducted by Simplilearn. We will soon arrange for a session to introduce the training partners allotted to you and share further details on the training curriculum and registration modalities.

Please note that this will be paid training & certification program. To enroll into the program, you will be required to pay a training fee of **INR 30,000 + GST**. After successful completion of the certification program, the entire fees (including GST) will be reimbursed to you post 6th months of your joining Wipro.

In the unfortunate event of you not being able to complete the certification, your ELITE offer will still hold good and the training fees will not be reimbursed. Should you wish to not participate in the VELOCITY program, your ELITE offer stands valid.

We are attaching a FAQ document aimed at clarifying all your doubts. Please write to us at velocity.helpdesk@wipro.com for any queries pertaining to the program. You are requested to route all other Campus related queries to Wipro Helpdesk.

Please **click here** to register yourselves to the VELOCITY program. The last date to register is 8th February 2022.

We look forward to an engaging and rewarding program.

Regards,

Technical Campus Hiring Team

Wipro Limited
